“Practice Transformation for Physicians and Health Care Teams” is a free online resource designed for health care professionals and administrators who want to change systems of health care delivery around diabetes.

Practice change is essential to provide evidence-based care recommended by the Patient-Centered Medical Home (PCMH) model and to manage issues related to diabetes and its complications. This resource provides models, links, and tools to help physicians and health care teams initiate and maintain quality improvements in their health care practice. Content featured on this site is based on current, peer-reviewed literature and evidence-based clinical practice recommendations.

This updated resource includes the following sections important to practice transformation:

- Engage Leadership & Assess Your Practice
- Provide Evidence-Based Care
- Use Information Systems
- Improve Practice Quality
- Use Clinical Decision Support
- Practice Team-Based Care
- Enhance Patient-Centered Interactions
- Improve Patient Care Coordination
